First Destinations Executive Summary

2020-2021 Regional Campus Bachelor's Graduates

Methodology

The First Destinations report provides placement information on students who graduated during the 2020-2021 academic year. Graduates must be employed, serving in the military, serving in a volunteer or service program, or enrolled in additional studies by Dec. 31, 2021 in order to count as successfully placed.

First Destinations data are based on a variety of data sources, including online surveys, phone surveys, national databases, data from Miami University offices, direct employer confirmation, and/or public sources. Full details on the methodology are available upon request.

Placement results are based on graduates' primary activity after graduation and align with National Association of Colleges and Employers (NACE) First Destination Survey guidelines.

The overall success rate²

Footnotes

¹ The "knowledge rate" indicates the percentage of the graduating class for whom we have placement data.

² The overall success rate identifies the total percentage of alumni who are employed, engaged in military service, engaged in a volunteer/service program, or who are continuing education. Consistent with the National Association of Colleges and Employers (NACE) First Destination guidelines, the success rate calculation excludes alumni who are not seeking employment or education. However, alumni who are not seeking employment or education are included in the overall success rate calculation.
